## **DETAILED ACTION**

## Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1, 4-6, 9, 10, and 24 are rejected under 35 U.S.C. 102(b) as being anticipated by Naruoka et al (4830517).

Figure 13 shows a connecting rod 2 comprising roller member 12, a locking/stop mechanism 22, a first portion at 4, and second portion near 88.

## Allowable Subject Matter

Claims 2, 7, and 8 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claims 3 and 11-23 are allowed.
